GETTING STARTED

Pull open the two main doors.

Push both Door Tabs in at the same time as shown, then flip the lid open.

Ask an adult to use scissors to snip off the tops of each Color and Scent Bottle. Please Note: Snip off just enough so when you squeeze the scent or color into your Lip Potion only a drop at a time is released.

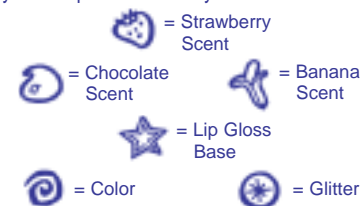

HOW TO MAKE YOUR OWN LIP GLOSS

Choose a Recipe Card or create your own recipe.

Recipe Card Symbols

On your recipe card each symbol refers to one drop.

Unscrew the Roll-On Cap from the Lip Gloss Bottle and fill 1/2 with Lip Gloss Base.

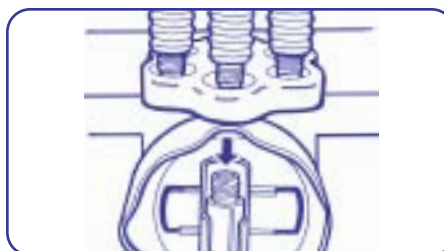

Rotate the Bottle Holder to the right until it clicks into place.

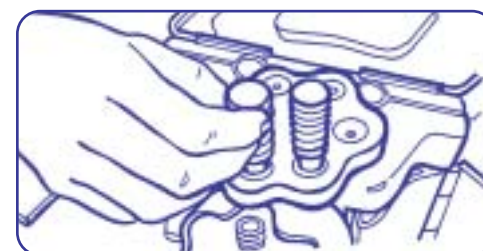

Click the Lip Gloss Bottle containing the Lip Gloss Base upright into the Bottle Holder.

Remove caps from the Scent and Color Bottles and place them upside down in the Dispensing Dial.

When dispensing, rotate the Dispensing Dial to align each bottle with the Lip Gloss Bottle. The Dispensing Dial will click when it is in place.

Continue to turn each Scent or Color Bottle. Squeeze out the correct number of drops from the recipe. Add Glitter by tilting and pouring the desired amount into the Lip Gloss Bottle.
